

Brandywine Airport's Open House Celebration and Safety Seminar!

As a pilot you never know when you may have to declare "Mayday, Mayday, Emergency". Please come to this exciting event where we will discuss questions such as: the right time to declare an emergency? What to say? What to do? What to expect? We will listen to ATC tapes and see videos of real-life emergencies and discuss how you would have handled a similar situation. This seminar will also address ASDE-X (the new transponder procedures at towered airports) and runway incursion mitigation programs. Please go to the link below to see details about the "free" lunch being offered and to register for this event!

Directions: Please see map link for directions.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at www.FAASafety.gov!
